ELECTRICAL ENGINEERING

A WORK-BASED EDUCATION

Tec-NQ is different. It's an alternative to traditional school delivering the same outcomes in a work-based training environment.

If you want to learn the real skills in demand by industry, Tec-NQ is the best place to complete your senior education.

P-Tech prepares students for careers as trade technicians in advanced manufacturing industries.

A career in the advanced manufacturing industry provides opportunities to identify, integrate, maintain and repair new and emerging technology in an industrial setting.
